We’re getting closer and closer to ClarinetFest 2016 in beautiful Lawrence, Kansas! Our theme this year is centered around the "inspirations" for some of our most beloved works. These muses span from the invention of the clarinet from the 18th-century in Anton Stadler to the 19th-century in Heinrich Baermann, Johann Hermstedt, and Richard Mühlfeld all the way to Benny Goodman in the 20th-century. These clarinetists inspired the leading composers of their days to write timeless works for the clarinet. In addition to performances of some of the music they inspired, ClarinetFest 2016 will be opportunities to learn more about their lives and circumstances.

Early Bird registration is available until June 2nd! Take advantage of the lower registration fee. To register for ClarinetFest 2016, view the preliminary schedule, and see information about conference hotels and university housing visit http://clarinet.org/index.php/clarinetfest/clarinetfest-2016/

The day included workshops and recitals presented by prominent Saskatoon clarinetists, clarinet choir rehearsals, a display of historic instruments, musical instrument dealer displays, and a final concert featuring Reedy Set Go! and the student ensembles. In celebration to the official merger of the Boston Conservatory (BoCo) and Berklee College of Music, clarinetist Katsuya Yuasa (BoCo) and cellist Roman Soto (Berklee) performed the work 'Off Pist' by Svante Henryson. The event, which will take place on the GMU campus in Fairfax, Virginia this July 24th-29th, will feature guest artist Dr. Marie Ross, historical clarinet expert. Here's what Dr. Ross' website has to say about her workshops: "In her workshops, Dr. Ross demonstrates historical clarinets from all eras, from the beginnings of the instrument in the Baroque period through the late Romantic. She plays well-known repertoire on each instrument to demonstrate the original sound, how the sound and technique of the clarinet evolved, and how it is different from the sound of the modern instruments we are used to today." Dr. Ross will bring eight period clarinets that the students will be able to try. In addition to the historical clarinet clinic, clarinetists from the United States Army Band will present a concert and master class, The Sight Reading Factory will offer a sight-reading workshop, Vandoren will present a seminar on reeds and mouthpieces, and students will perform in a special showcase and a grand finale concert. There will also be a repair clinic, clarinet choir, mock audition, college prep class, and techniques class with Catina Franklin Sweedy and Dr. Kathy Mulcahy. All and all it will be a informative, exciting and fun week of clarinet-ing!
